Things to Consider

Your Finances
Can you afford to retire? When you add up your sources of retirement income, will you have enough to last throughout retirement doing what you enjoy? Also, think about major expenses, such as a mortgage. Keep in mind that retirement may bring new expenses, like travel or health care.

Your Family
Do you still have children to support, or family to visit with your new free time? If you’re married or have a partner, you may need savings and a vision that works for both of you.

Your Lifestyle
How will you spend your time in retirement? Hobbies, travel and even another job all impact how much money you’ll need for your retirement.

Your Health (physical and mental)
Whether you are healthy now or know that you’ll have health issues to address in retirement, you should be prepared to spend more on health care. According to the AARP, a 65-year-old couple retiring this year will need approximately $240,000 to cover future medical costs, not including the costs of long-term care. Are you mentally ready to retire? Do you have other interests to pursue that will stimulate you physically and mentally?

Your Home
Do you plan to stay in your home? There may be costs to consider such as continued upkeep or renovation. Would you rather downsize, or join a retirement community?

## Sources of Retirement Income

### State of North Carolina and UNC System-provided benefit plans and programs
- Mandatory Retirement Plans — either TSERS (Teachers’ and State Employees’ Retirement System) or the ORP (Optional Retirement Program).
- Supplemental Retirement Plans (UNC System 403(b) Plan, NC 401(k) Plan, NC Deferred Compensation Plan (a 457(b) Plan) and the UNC System 457(b) Plan).
- Retiree health insurance under the State Health Plan of North Carolina, if you are eligible.

### Government-provided benefits (paid into throughout your career)
- Social Security will provide a portion of your retirement income, though it is not intended to provide all of your income in retirement.
- Medicare will provide your primary health care coverage (when you are age 65 or older), although coverage under the State Health Plan of North Carolina for eligible participants can help pay medical expenses in retirement.

### Additional personal savings
- Outside savings plans, such as an IRA, retirement savings from a previous employer or other investments.
- Your spouse’s retirement savings and investments, if you are married.
- Inheritance and any life or other insurance policies.

*Source: UNC System Retirement Planning Guide*
Sources of Retirement Income

For people currently age 65 or older, Social Security will only provide 30%-35% of their income in retirement.

This means you will have to save the remaining 65%-70% of your retirement income through savings vehicles like TSERS or the ORP, Supplemental Retirement Plans and your personal savings. Generally, your TSERS or ORP savings may cover roughly 45%-50% of your retirement income, and the remaining 15%-25% will need to come from other sources of personal savings.

Talking About TSERS

(Teachers’ and State Employees’ Retirement System)
Talking About TSERS

- Defined Benefit Plan
- ORBIT (Online Retirement Benefits through Integrated Technology)
- Retirement Eligibility
- Benefit Formula
- Payment Options
- Taxes
- How to Retire
TSERS - Defined Benefit Plan

• Traditional pension plan
• Defines a benefit upon retirement
• Employer/employee mix of money into a general pension fund
• Employee doesn’t bear any risk or control investments
• Not an IRA, 401(k), or 403(b)
Where It All Begins - ORBIT

TSERS - Retirement Eligibility

Service retirement (unreduced benefit)
- 30 years of creditable service at any age
- Age 60 + 25 years creditable service
- Age 65 + 5 years membership service*

Early retirement (reduced benefit)
- Age 50 + 20 years creditable service
- Age 60 + 5 years membership service*

*All employees have a five (5) year vesting rule
TSERS - Benefit Formula

Average Final Compensation (AFC)
Average of your highest 48 consecutive months of salary, including leave payouts (if payouts are within highest 48 months)

Leave Payouts
(Annual & Bonus Leave)

Retirement Factor
Currently 1.82%

Creditable Service (including Sick Leave)

| EXAMPLE |
|-----------------|-----------------|
| AFC             | $72,346.88      |
| Retirement Factor | x 1.82%        |
|                  | $1316.71        |
| Years of Service | x 25            |
| Annual Amount    | $32,917.75      |
| Monthly Benefit  | $2743.15        |
TSERS - Benefit Formula

Average Final Compensation (AFC) is the average of your highest-paid consecutive 48 months of salary. If these highest-paid months include the final payment for unused vacation leave, bonus leave and/or pro-rated longevity, your average final compensation will be increased by these payouts.

**Does not have to be your last 48 months of salary**

**Note:** If your highest-paid consecutive 48 months of salary are not immediately prior to retirement, leave payouts will not be counted in your AFC.
TSERS - Leave Payouts

**Annual Leave**
Payout maxes at 240 hours
(prorated max based upon FTE and appointment length)

**Bonus Leave**
- Payout of (Historic) Bonus Leave (no max)
- 2017 & 2018 Special Bonus Leave is not compensable and must be used or lost
TSERS – Sick Leave Conversion

Converting Sick Leave (based on a 1.0 FTE):

- 8 hours = 1 day
- 20 days = 1 month of credit

TSERS participants receive one month of service credit for every 20 days of sick leave, plus one month for any portion remaining as long as it’s more than one hour.

Example: 1,649 hours of Sick Leave

- 1,649 hrs / 8 hrs = 206 days
- 206 days / 20 days = 10.3 months
- 10.3 months = 11 months of credit

No limit on sick leave / Cannot eliminate age guidelines (Sick leave doesn’t make you older)
TSERS - Creditable Service

• Purchasing Service Credit
  Military, withdrawn service, “out of state”
  government service, state government
  temporary or part-time service, etc.

• How much to buy
• Determine value
• How to purchase
• Plan-to-plan transfer

Choose Your Payment Option

Under TSERS, you have the flexibility to choose the monthly distribution option that best suits your savings goals, including:

### RECEIVE PAYMENTS

Once you elect your monthly distribution option, payments will be made as follows:

- Your first payment is always a physical check
- Subsequent payments will be sent to you via direct deposit on the 25th of each month (Note that December payments usually are earlier)
- Considered retired when the first payment is due or made, not when cashed

Option 4 – Social Security Leveling

• Uses inflated Social Security estimate and assumes you will work until age 62
• If you decide to take Social Security after age 62, be aware that your TSERS benefit will still reduce at age 62. If you take Social Security benefits at age 62, an earnings limit will apply.

What should a retiree consider when choosing a payment option?
TSERS - *Active* Survivor Benefits

**TSERS Active Employee Death Benefit**
- Min: $25,000 – Max: $50,000
- Remains in effect up to 180 days after retirement

**Survivor Active Employee Alternate Benefit**
- Only one beneficiary for Return of Contributions named to be eligible
- 20 years of creditable service (not including sick leave), regardless of age OR
- Age 60 with five years of membership
TSERS - *Retiree* Survivor Benefits

**Contributory Death Benefit**
- Optional $10,000 Benefit
- Retiree pays the full cost of this benefit that can be deducted from retirement check

**Guaranteed Refund**
- Return of Contributions
- Not Applicable if a Survivor Option is chosen as monthly benefit
The amount of the distribution subject to North Carolina state income tax is the amount that is reportable for income tax. Additionally, certain amounts may be tax-exempt based on the Bailey Settlement (as explained below).

Retirement benefit is subject to state and federal tax unless...

Bailey Act Exemption

> Maintained five or more years of retirement service credit (vested) as of August 12, 1989
> NC is primary residence
> Applicable to the NC 401(k) and 457 plans

Not applicable to the UNC 403(b) and 457 plans
TSERS - Break In Service

Break In Service Rules
• 6-month break in service is MANDATORY from branch of retirement system from which retired
• Direct vs. indirect employment with a State Agency
• No independent contractor work for the State

Consequences
• Retirement revoked
• Pay back benefits
• Loss of retiree health insurance
TSERS - Returning to Work

Permanent Employment with State of North Carolina (30≥ hours/wk)
- Retirement benefit & retiree health insurance ends
- Employer pays active health insurance
- Employee begins retirement contributions again

Permanent/Temporary Employment (<30 hr/wk)
Earnings allowance applies and is the greater of the following:
- 50% of gross 12-month pre-retirement salary (excluding termination payments), or
- 2023 Retiree Earnings Cap: $39,660
Part-time/Temporary Employment (≥30 hr/wk)

As amended, G.S 135-48-41(j) states that if a re-hired retiree works 30 or more hours per week and becomes eligible for health insurance under the Affordable Care Act (ACA), then the re-hired retiree becomes ineligible for retiree health insurance coverage.

The re-hired retiree is not required to elect the ACA plan, but they will be canceled from the retiree health insurance plan.

Dental, Vision and Life Insurance After You Retire

Certain benefits end when you retire: life insurance, dental and disability coverage. Check with your University Benefits Administrator for information on any benefits and options for continuing them. Keep these benefits changes in mind when determining your retirement income needs and sources of income, and consider whether you will need to purchase additional coverage. Here are your options:

TSERS RETIREES

Dental and vision insurance. If you are enrolled as an active employee through NC Flex, these benefits will end upon termination of employment. You have two options:

- Elect to continue your current dental and vision coverage through COBRA (explained below).
- Elect to enroll for retiree dental and/or vision coverage through Pierce Insurance, which is offered through the State Retirement System 90 days after your termination.

Life insurance. If you have UNC voluntary life insurance as an active employee, you will receive information at retirement regarding the Voluntary Retiree Life (VRL) options available to you and your spouse/domestic partner so you can continue to have life insurance protection beyond active employment.

Note:

- If you are not enrolled in the UNC group term life policy, you may enroll for VRL for you and your spouse/domestic partner within 30 days from your retirement in the amount of $25,000 without submitting Evidence of Insurability. You may also select additional coverage levels; however, you will need to provide Evidence of Insurability for any amount in excess of $25,000.
- More information can be found at https://myapps.northcarolina.edu/hr/benefits-leave/income-protection-benefits/.

COBRA (For up to 18 months following termination)

- If you choose to enroll in COBRA coverage upon termination, you may elect COBRA coverage for dental and/or vision coverage for up to 18 months. You pay the full cost of this COBRA coverage.

Pierce Insurance (Can start 18 months after termination)

- After 18 months, when your COBRA coverage ends, it is considered a qualifying event known as a “loss of coverage.” You may elect to enroll for retiree dental, vision and/or life and accident disability coverage with Pierce Insurance.
- Additional information can be found on www.ncretiree.com, or call 855-627-3847.

As an active or separated employee, ORBIT is a one-stop retirement planning resource where you can review your membership service and contributions, designate and maintain beneficiaries and apply for retirement online.

For those who have successfully made the transition to retirement, ORBIT is the gateway to your payment history, tax withholdings and annual forms, income verification letters and more.

Having chosen a career to teach, protect, or otherwise serve the citizens of North Carolina, you have membership in one of the strongest pensions in the United States. The six percent you contribute(d) per month, along with your employer’s contributions and investment returns, help to fund your potential vested retirement benefit.

In fact, Moody's Investors Service ranked North Carolina’s Retirement Systems, which includes the Teachers' and State Employees’ Retirement System and the Local Governmental Employees’ Retirement System, as the best funded in the nation when looking at adjusted net pension liability. A stress test by The Pew Charitable Trusts concluded that North Carolina’s state pension fund is well positioned to maintain solvency during tough economic times.

The North Carolina Supplemental Retirement Plans (NC 401(k) and NC 457 Plans) are additional savings opportunities available exclusively to public servants like you. Understanding your savings options will help you stay the course in living the retirement you envision.

The Department of State Treasurer is committed to providing tools and resources that will help you make informed decisions about your future. I encourage you to actively engage with the tools available in ORBIT and make full use of our education and planning resources here and on our website at www.myNCRetirement.com.

TSERS - How To Retire

- Enter a case in HRNow if you wish to request an appointment with a Benefits Consultant.
- Benefits Consultant will guide you through the retirement process.
- Retirement is always the first of the month, i.e. January 1, February 1, etc.
- You cannot apply for retirement any earlier than 120 days prior to your retirement date.
- The TSERS retirement process is online, which is the most efficient method of retiring.
- Typically, January and July are the most popular retirement months and require the maximum amount of time allowed for processing.
